

COVID-19 - Pistol Permits Suspended

The processing of new pistol permit applications has been temporarily SUSPENDED due to the coronavirus pandemic. This is the direct result in the suspension of fingerprinting; a requirement for the application.

You may request the packet, or you can wait until processing has resumed. If you would like a packet, please email your request to police@middlefieldct.org, along with your name and address and it will be handled via email and the USPS.

Applications currently being processed are not affected.

Updates will be posted as applicable.
