

# What Do You Think of the New L.E.D. Street Lights?

First Selectman Ed Bailey announces that the pilot L.E.D. streetlights have been installed. This installation allows the public to see a sample of the improved lighting provided by these fixtures and to provide any feedback to the Board of Selectmen.

These L.E.D. streetlights are on Jackson Hill Road at the intersections of; Stowe Street, Town Hall Road (Firehouse), and across from Town Hall. There is also a new L.E.D. streetlight located in the Town Hall parking lot.

If anyone has any feedback, questions or concerns regarding these new streetlights please contact Ed Bailey, First Selectman, at 860.349.7114 or [ebailey@middlefieldct.org](mailto:ebailey@middlefieldct.org)
