Allocation of Permits for Coginchaug Greenway

Brian Dumas is meeting with the Board of Selectman tomorrow, July 22<sup>nd</sup>. He will be proposing the allocation of archery only hunting permits for this property. Based on the results of a public outreach survey, he does not feel that allocating such permits will negatively affect other users' experience. One respondent indicated they would like signage to inform them of when hunting would potentially be taking place, so they would feel more comfortable going on the property during non-hunting times.

#### Review of Updated Hunting Permit Regulations and Forms

There was discussion on the tree stands at Coe Hill. Letters were sent to permittees from the last few years that announced our intent to remove stands that remained on the property as of 8/1/2025. He received positive feedback from those who reached out after receiving the letter. Updated and consolidated regulations will be emailed to members for feedback. Only major change is that all hunters will have a tag number issued that will identify their stands.

#### Public Outreach- Facebook Page

The Commission is interested in getting more public involvement and awareness with a Facebook page. Chris Hurlbert is working on this.

#### 6. New Business

##### Coginchaug River- DEEP Fisheries Division

There is going to be a meeting with representatives of the DEEP Fisheries Division in August to discuss blockages in the river caused by many fallen trees.

##### Chestnut Tree Association

Representatives will be coming to the August meeting to give the Commission a presentation on their work with chestnut trees and where their work may fit into our properties.

#### 7. Adjournment

**Motion to adjourn was made by Kyle Overturf, second by, Chris Hurlbert , approved by all 19:27 pm**
